Surveyors Report

Herron explained that if we get additional money from a land owner in the area we can do more to Sweezer Ditch; if the extra money doesn't come through we will stop at county road 450.

Herron will call Kirby Youngblood and let him know that he can get started on Sweezer Ditch.

He is still working with Leiberings on Hoopie Drain, not looking good to get anything started this year.

Toler asked if the work on Pigeon Creek was complete. Herron said that all the work had been completed.

Gogel made a motion to adjourn, Toler seconded the motion, motion passed. Meeting was adjourned at 11:19 A.M.
